It's all about success!

Vermont Peace Works has successfully test-marketed magnetic peace signs in southern Vermont and western Massachusetts. Thousands of vehicles are clearly expressing their owner's desire for a peaceful world, adorned with magnetic peace signs produced by Vermont Peace Works.

We began making peace symbol car magnets by hand, cutting them individually with a knife. When demand for the 8-inch magnets began to soar, we built a machine press to stamp them out in quantity.

Help continue the success and spread the message of peace in your locale.

We are confident you will experience an equally overwhelming response when your customers discover your peace signs.
